

October 1, 2026

The Honorable Kim Schrier
U.S. House of Representatives
1100 Longworth HOB
Washington, DC 20515

Dear Representative Schrier:

On behalf of the Endocrine Society, I would like to congratulate you on being named the next Democratic Co-Chair of the Congressional Diabetes Caucus. We are thrilled that you will be serving as the new Co-Chair beginning in January.

The Endocrine Society is the world's largest and oldest Society representing approximately 18,000 clinicians and scientists working to treat and research endocrine diseases and disorders, including diabetes. We have a long-standing partnership with the bipartisan co-chairs of the Diabetes Caucus in both the House and Senate. We have worked closely with the Caucus on a wide range of issues pertaining to diabetes research, prevention, and treatment. These issues include insulin affordability and the reauthorization of the Special Diabetes Program.

Given your experience as a pediatrician and your personal connection living with type 1 diabetes, you will bring a tremendous amount of knowledge and personal expertise to the Caucus. We look forward to working with you on the many issues impacting endocrinologists and patients they treat with diabetes. I also look forward to meeting with you in person the next time I am in Washington, DC.

Congratulations again on being named Co-Chair of the Caucus. We applaud your ongoing commitment to the issues important to the over 40 million Americans living with diabetes. If there is anything we can do to be helpful as you transition into this role, please have your staff reach out to Rob Goldsmith, Director Advocacy and Policy at rgoldsmith@endocrine.org. Thank you again for your dedication to this issue.

Sincerely,

Nanette Santoro, MD
President
