SHARE YOUR RESEARCH

PUBLISH YOUR RESEARCH

Enjoy the many benefits of publishing in our high-profile, highly cited, and widely read journals and publications. Read more at endocrine.org/journals.

- Endocrine News*
- The Journal of Clinical Endocrinology & Metabolism*
- Endocrinology*
- Journal of the Endocrine Society*
- JCEM Case Reports*

PODCAST

- Endocrine News* Podcast brings you the latest research and clinical advances from experts in the field, whether you are in your car, office, or out for a run. Listen now at endocrine.org/podcast.

IN PERSON

- See your work published through ENDO, the Society's leading annual global meeting on endocrinology research and clinical care. Learn more at endocrine.org/abstract.

BOOST YOUR CAREER

RESEARCH EXPERIENCES FOR GRADUATE AND MEDICAL STUDENTS (REGMS)

- REGMS supports promising medical and graduate students who have demonstrated commitment to endocrine research and expressed interest in enhancing their professional development skills. Learn more at endocrine.org/REGMS.

FUTURE LEADERS ADVANCING RESEARCH IN ENDOCRINOLOGY (FLARE)

- FLARE provides structured leadership development to basic science and clinical research trainees, and junior faculty from underrepresented minority communities who have demonstrated achievement in endocrine research. Learn more at endocrine.org/FLARE.

EXCELLENCE IN CLINICAL ENDOCRINOLOGY LEADERSHIP (EXCEL)

- ExCEL offers comprehensive leadership training and mentorship to early career physicians of communities underrepresented in medicine and science. Learn more at endocrine.org/EXCEL.

ENDOCAREERS®

- With an online Career Center containing more than 170+ endocrine jobs and a professional resource library, EndoCareers® is the place to care for your career. Get involved at endocrine.org/EndoCareers.

CAREER DEVELOPMENT WORKSHOPS

- Our Career Development Workshops, held during ENDO, offer a comprehensive approach toward enhancing the career development of our members. Learn more at endocrine.org/Career-Development-Workshops.

GLOBAL LEADERSHIP ACADEMY

- This invitation-only program is designed to celebrate and further develop the talent of emerging leaders within the endocrine research and clinical communities. Learn more at endocrine.org/GLA.

GROW YOUR NETWORK

ENDOFORUM

- This member-exclusive, online community allows for open, in-depth discussions between members. Learn more at endocrine.org/endoforum.

THE EARLY CAREER SIG

- Accelerate your career by growing your peer network in one of seven Special Interest Groups (SIG), including the Early Career SIG. Learn more and join at endocrine.org/SIGs.

EDUCATIONAL OPPORTUNITIES

VIRTUAL

- ❑ Center for Learning is our online repository for on-demand education. Gain access to a variety of resources, from podcasts and webinars to our premier, case-based products. Browse our collection of materials at education.endocrine.org.
- ❑ Member-exclusive webinars are hosted regularly, including a series from the Early Career SIG. View upcoming webinars at endocrine.org/webinars.

REFERENCE MATERIALS

- ❑ Endocrine Education Cases: Card Set (for purchase) is an educational pocket guide, intended for medical residents and those in training, that covers vital topics to use for studying or practice. Buy now at endocrine.org/educationcards.

FELLOWSHIP TRAINING

- ❑ The In-Training Exam (ITE) is the leading self-assessment for clinical endocrinology fellows, designed to gauge how well a fellow is progressing through their clinical education. Learn more at endocrine.org/ITE.
- ❑ Fellows Training Series is a comprehensive curriculum designed to provide support to fellows and program directors around the globe. Learn more at endocrine.org/FTS.
