GENERAL INFORMATION

Thank you for participating in CEU 2020. This comprehensive, case-based program will provide you with knowledge that will directly impact your patient care. The diverse program includes a mixture of live and on-demand programming, enabling you to stay up-to-date without having to leave your home or office.

CLAIM CME, MOC, AANP CREDIT OR RECEIVE CERTIFICATE OF PARTICIPATION

Step 1: Visit education.endocrine.org/ceu2020.

Step 2: Log In (upper right corner of page).

Step 3: Click START to begin the evaluation.

Step 4: Click preference of CME/MOC, AANP, or Certificate of Participation. *If claiming MOC, confirm your ABIM Diplomate number and click to update if necessary.*

Note: CME and AANP Credits as well as MOC Points should be claimed upon completion of the activity. The evaluation will open on September 12, 2020. Clinical Endocrinology Update is eligible for 28.75 AMA PRA Category 1 Credit(s)[™] and ABIM MOC Points.

CREDIT CLAIMING FOR PARTICIPATION FOR AN ANCILLARY SYMPOSIUM

To claim credit or receive a certificate of participation for an ancillary symposium please do the following:

Step 1: Click on the symposium you are seeking credit for:

[New Horizons for Medical Management of Acromegaly](#)

[Hypophosphatemia: Unlocking the Key to Improved Diagnosis and Management](#)

[Keeping Sight of Thyroid Eye Disease](#)

Step 2: Log In (upper right corner of page).

Step 3: Click START to begin the evaluation. *If claiming MOC, confirm your ABIM Diplomate number and click to update if necessary. Completing the evaluation without an accurate ABIM number will result in no credit reported.*

VIRTUAL EXHIBIT HALL

Participants will take part in product demonstrations and receive updates about the latest products and services that will help improve your practice in the CEU Virtual Exhibit Hall.

TIPS FOR A SUCCESSFUL CEU 2020

Before getting started, please review these tools and tips.

Control Your Environment as Best You Can

- Mute other devices that might interfere with your computer audio.
- Create a learning-conducive environment, eliminating as many distractions as possible. Close out of other tabs and mute notifications, if possible.
- Prepare your space with anything you might need during the virtual program (appropriate chargers, note-taking materials, water, etc.).
