

## LAST CALL CLINICAL TRIAL SUBMISSION INFORMATION

**SUBMISSION DEADLINE: WEDNESDAY, FEBRUARY 13, 2019, 1:00 PM EST US**

### ENDO IS A FANTASTIC VENUE FOR YOUR CLINICAL TRIAL RESEARCH!

Highlight your ongoing and future clinical trials by submitting a Clinical Trial abstract to ENDO 2019, the Endocrine Society's 101<sup>st</sup> Annual Meeting. Showcase your work, recruit participants, and drive engagement at the world's largest gathering of endocrinologists.

#### **Benefits of presenting at ENDO 2019 include:**

- Peer review by top scientists in endocrinology
- Exposure at the world's largest gathering of endocrinologists
- Ability to advertise open recruitments

### PRELIMINARY DATA IS WELCOME

The Society understands that limited data may be available at the time of the submission deadline (Wednesday, February 13, 2019, at 1:00 PM ET US). **Lead investigators are still encouraged to submit if additional data is anticipated to be available for presentation by March 23, 2019.** The abstract submission should detail the trial design and rationale, inclusion criteria, primary clinical endpoints, and any available preliminary data.

Any additional supporting data may be emailed to [abstracts@endocrine.org](mailto:abstracts@endocrine.org) for inclusion in the abstract's review.

### SUBMISSION OPTIONS

During the submission process, authors may indicate whether they would like their abstract to be withdrawn if it is not selected for an oral presentation at ENDO 2019. Authors may also opt to embargo the publication of their abstract until the date of presentation.

### SUBMISSION QUESTIONS?

- For additional details on the ENDO 2019 abstract submission process, please visit [endo2019.org](http://endo2019.org).
- If you have any additional questions concerning the process for submitting a Clinical Trial abstract, please contact [abstracts@endocrine.org](mailto:abstracts@endocrine.org).
