Collaborations That Translate To Cures

The impact of translational science is the core of what makes ENDO unique. Our attendees are critical to the acceleration of medical discovery and new therapies. They are the continuum of lab bench to bedside and connecting with them is essential to your business.

IDENTIFY AND INFLUENCE THOUGHT-LEADERS

The success of your business and impact on patient care relies on new discoveries. Meet with established up-and-coming front-line thought-leaders who know the latest trends and greatest needs for treating and curing endocrine diseases.

PRESENT AN ENDOEXPO THEATER

Showcase a product, present critical medical data, and reinforce your brand to a captive audience during an ENDOExpo Theater. Opportunities are available during high-traffic ENDOExpo hours and provide exceptional exposure for your company. ENDOExpo Theaters have seating for 225 professionals and are limited to 12 opportunities. Each company who supports an ENDOExpo Theater receives a list of those attending their presentation with all relevant contact details. In 2017, ENDOExpo Theaters were sold out and each reached max capacity so this will once again be a highly sought after opportunity in 2018. Theaters are available on a first-come first-serve basis. Returning presenters have first right of refusal.

YOUR ROI IS OUR PURPOSE

ENDOExpo exists to help you connect with our attendees. These programs and events are designed to drive traffic to your booth.

- Guaranteed Traffic**—Poster sessions arranged by therapeutic area on the ENDOExpo floor.
- Recharge**—Complimentary coffee each morning and afternoon served on the ENDOExpo floor during unopposed hours, 12:30–1:30 PM.
- Unleash your branding potential**—Promotional branding, marketing, and advertising elevates your company's profile and increases your booth traffic. Take advantage of marketing opportunities on the ENDOExpo floor, around the convention center, and in the *ENDO Daily Newspaper*—a guide for each attendee's ENDO experience.

- Business Suites**—Network with ease for informal presentations on a variety of subjects important to researchers and clinicians.
